Brookhaven at Lexington COVID-19 Update 19 – June 10, 2020

Our number of positive cases remain at two, both continue to do well and continue on their way to full recovery. We continue to not have any new cases. We continue to appreciate all of the efforts that Residents and Staff have put towards keeping this virus out of Brookhaven.

The Commonwealth of Massachusetts has started Phase Two of its re-opening process. However, the Safer at Home Advisory is still in place. We continue to encourage Residents to stay on the Brookhaven Campus as we still believe that it is “Safer at Brookhaven.”

Some exciting news is that we have been able to offer an opportunity for families to visit outdoors on the campus. Gardenview and Babson have started scheduling monitored outdoor patio visits. Independent Residents can have outside visits. We encourage that everyone practice Social Distancing and wear face masks and wash hands before and after any visit.

Also, we have now scheduled on-site Podiatry Services and will soon re-introduce full Housekeeping and the services of Salon at 1010. Maintenance will also be allowed to visit your unit for routine work orders. For each new service that we re-open, we will conduct a thorough analysis of how to make it safe for the Employee/Vendor and the Resident. We appreciate everyone’s patience as we re-open slowly and safely.

We will continue to follow the dashboard that the State puts out daily regarding various metrics around COVID-19. We will be watching the trends and determine when it will be safe to reopen more services and venues. I, along with all of our Staff Members, are as eager as each one of you to be able to see everyone socializing with each other. Those days are coming. We just have to re-open safely and cautiously.

I am so proud of the dedication our Staff has shown to Brookhaven. Every day as I walk the corridors I am greeted by Staff Members who say how glad they are that they chose Brookhaven as their place of employment. I am also thanked by Residents for keeping them safe. I remind Residents that it has been a team effort. We wouldn’t be as safe as we are if Residents didn’t make the necessary sacrifices.

As always feel free to reach out to me at 781-372-0290.

Jim
